DIARY NOTES

Acting Executive Director-Comptroller

7 October 1971

Career Trainees

X1 After conversation with [] DTR, I expressed
concern to [] at the possible impact on the long-term Career
Training Program if no CT's were to EOD for the February 1972 class.
X1 [] stated that the question had been raised with Mr. Coffey
X1 and that he, [] was equally sympathetic, although Mr. Kara-
messines had indicated an unwillingness to EOD these people in view
of personnel cuts and a possible lack of spaces for them in FY 73. I
said I still believed in continuing the input of this small number of
X1 officers. [] said he would inform Mr. Coffey of my reaction.
